

# D - Decision

Last Modified on 09/20/2022 10:59 am EDT

## **D - Decision**

Select action type as Decision (D).

During a Decision step, the Dispatch Wizard displays a list of possible outcomes for an operator to select from. There can be as many possible outcomes as are required.

No additional setup is needed for D Type Steps.

### Following Steps:

Steps following a decision step use the Outcome Prompt field to link back to the decision step.
