## **E - Evaluation**

Select action type as Evaluation (E).

During an Evaluation Step, the Dispatch Wizard will check for a piece of information to determine how to proceed in the Action Plan. The Evaluation Step does not display to the operator.

An Auto Evaluation Type is selected from the drop down.

### Following Steps:

Steps following an evaluation step use the Auto Evaluation Result drop down.

Example: '2-Way Voice Alarm?' In this Evaluation, the system will check for an event code reporting a 2-way voice connection. Result Options include 'Alarm is 2-way Voice' and 'Alarm is not 2-way Voice'.
