

Site Call List Verification

A site call list verification report will generate a contact verification form for each site selected including phone and email.

The screenshot shows a dialog box titled "Site Call List Verification" with a close button (X) in the top right corner. The dialog contains the following elements:

- A "site group" dropdown menu.
- A "site" dropdown menu.
- An "include agencies" checkbox, which is currently unchecked.
- A "pin & codewords" checkbox, which is currently unchecked.
- An "include ecv" checkbox, which is currently unchecked.
- A "file type" dropdown menu with "PDF" selected.
- A document icon in the bottom left corner.

Output

123 Alarm Co.
