

Device Phone Duplicates

This window will display all phone numbers that are used as the device phone for multiple devices. Each device will be listed with the phone number.

The screenshot shows a window titled "Device Phone Duplicates" with a table containing two columns: "Phone" and "Usage". The first row of data is highlighted in yellow and shows the phone number "(719)593-2829" in the "Phone" column and a list of four device identifiers in the "Usage" column: "01-9899-InService-Phone, 11003344-InService-Phone, 11005787-InService-Phone, ABC-OutofService-Phone". The window includes standard window controls (minimize, maximize, close) and a scrollbar at the bottom.

Phone	Usage
